

Day 4: Tuesday, August 29 and  
Wednesday, August 30

Write a short sketch about your home. Your writing should be descriptive and creative, but it can focus on many different things.

What you choose to focus on should identify the things you associate with home. (Will you spend time describing the structure of the building, the people inside the house, the street, or a specific memory that happened inside your home?)

Remember this is a brief sketch, but you want to create a vivid picture of your home.
